THE DR. WAS IN A CYCLONE

Dr. B. N. Alsworth, the physician of Paris, Mississippi, writes interesting details about the cyclone that devastated that section. We quote: "I suppose you remember the papers that had a cyclone on the 24th of May. I swept our little town about off the earth. Thank Providence, my family and I came out alive, but my drug store was swept clean. We are picking up slowly. I found four bottles Fulton's Kidney Compound unbroken and gave them to a lady whom the other physicians and myself had diagnosed. She came to me as soon as she heard that I had returned to my practice again, and I put her on the Kidney Compound, and she is now nearly well. But I need more, and you will please send me another box of the Kidney Compound from your nearest shipping point."

"In haste,"
"B. N. ALSWORTH, M. D."
How can people who have any kind of kidney trouble expect to get well on the old faulty kidney pills when the census deaths show that almost two out of every hundred of them passed out of a form of the disease that was incurable up to the date that Fulton worked out his Kidney Compound?
Due to the failure of the old-time kidney medicine, the kidney deaths now number one every nine minutes.
Send for the book here for sections reflection for the man who is on his way to the drug store for a kidney medicine?

THROUGHOUT THE DAY FOR LAST DAY OF THE FAIR

Unusually Large Crowd Attracted by the Exhibits at Rockville.

Special Correspondence of The Star.
ROCKVILLE, Md., September 2, 1910.
A fine racing program and delightful weather brought out an unusually large crowd for the closing day of the Rockville fair. The big attendance today was also due, it is thought, to the fact that many of those who usually attend but one day had their pleasure marred yesterday by the heavy rain of the afternoon and came back today to make up for it.

Although the total receipts of the fair will not be known for several days, there is no much doubt that the exhibition has been a financial success. Had the heavy rain yesterday come earlier in the day it would have played havoc with the attendance and put the association in a big financial hole, but the downpour did not begin until after the big crowd had put up the price and entered the enclosure.

Prominent in yesterday's big crowd were Brainerd H. Warner, Jr., and David J. Lewis, republican and democratic candidates, respectively, for Congress in this district. They arrived on the grounds when the crowd was at its height and were immediately surrounded by their respective friends, who showered congratulations upon them upon their success in Tuesday's primary. They put in an hour or two shaking hands with old friends and forming new acquaintances, and seemed to have enjoyed themselves as confident of winning at the November election.

Several English cucumbers which are being exhibited in the main exhibition hall by Joseph R. Freeman of Washington, have attracted much attention. The measure about a foot and a half in length each.

The Racing.

A few minutes before the time for starting the first race yesterday afternoon rain began falling heavily and converted the track into such a sea of mud that the harness events had to be postponed until today. The running events—a mile dash and a six-furlong affair—were run according to program.

The six-furlong event was captured by Helen E., which led all the way, but had to be hard ridden to beat Lucille R., which moved up rapidly in the stretch. Flat Creek won the mile dash without difficulty. He led practically all the way and finished a length in front of Helen E. Lucille R. finished second.

Summaries:
First race—Running: six furlongs; purse, \$100. Helen E. (Wehrman), 1. Lucille R. (Hawkins), 2. Flat Creek (Drum), 3. Time, 1:22.
Second race—Running: mile; purse, \$100. Helen E. (Wehrman), 1. Lucille R. (Hawkins), 2. Flat Creek (Drum), 3. Time, 1:53.

The racing started at 11 o'clock. The races postponed from yesterday—the free-for-all race, the 2 1/2 mile race, and the 2 1/2 mile race—will be disposed of before the regular program for the afternoon is completed, making practically an entire day of racing.

UNITED STATES MARINES ARE TO LEAVE NICARAGUA

Withdrawal Ordered in View of Restoration of Order in Republic.

Recognizing that order is being restored in Nicaragua, the United States government today ordered the withdrawal of the American marines from Bluefields. They will be taken to the Isthmian Canal Zone, their regular station.

The presence of American marines on Nicaragua soil led to one of the most serious complications of the struggle between the Madriz and Estrada forces on the eastern coast. They were landed to protect American property and American lives, according to the State Department. Madriz claimed the United States violated the neutrality laws of nations in landing these marines on Nicaragua soil and prohibiting his proposed attack on Bluefields and the blockade of the port.

The removal of the marines now at Bluefields, about one hundred in number, has been entrusted to Capt. Cooper of the Marietta, in command of the naval forces in the vicinity of Bluefields. The Marietta and Marietta are available for the movement.

Rev. Dr. Melvin the Chief Speaker.

Rev. Dr. William A. Melvin, pastor of the Fourth Street Methodist Protestant Church, was the chief speaker at the recent celebration of the twenty-third anniversary of Mount Vernon Council, No. 10, Junior Order of American Mechanics. An additional feature of the evening was a musical selection by W. H. Martin. The committee in charge of the celebration was: M. A. Yost, M. J. A. H. Hargett, F. P. Kress, George A. Cahill, W. H. Fylen, Charles G. Williams and John W. Smith.

While going to his work early yesterday morning Henry W. Oliver, a stationery engineer employed by the Norfolk and Western railroad, was run down and killed by a locomotive in the railway yards at Norfolk, Va.
